

In this Newsletter:

1. NICEE has printed all the IITK-BMTPC Earthquake Tips in Colour
2. NPEEE Courses for 2005-2006 Announced
3. EERI's Eighth U.S. National Conference on Earthquake Engineering (8NCEE), 18-22 April, 2006, San Francisco, California
4. Symposium on Seismic Hazard Analysis and Microzonation, 27-28 May 2005, IIT Roorkee
5. International Conference on Structural Analysis of Historical Construction, 6-8 November 2006, New Delhi
6. Seminar on Safety in Construction, 30-31 May 2005, New Delhi
7. ISSS'2005, 20-22 November 2005, Nanjing, China

Details:

1. NICEE has printed all the IITK-BMTPC Earthquake Tips in Colour
-

National Information Center of Earthquake Engineering (NICEE) has published in colour all the twenty four "IITK-BMTPC Earthquake Tips" authored by Professor CVR Murty. Interested persons may request a copy by sending an email with their complete name, affiliation, organisation and postal address to snehal@iitk.ac.in

To enable NICEE to undertake more such activities for dissemination of earthquake engineering information, a payment of Rs. 150/- (US \$ 15.00 for overseas, includes air mail) per copy is recommended. The cheque or draft should be payable to "National Information Centre of Earthquake Engineering" and mailed to Ms. Snehal Kaushik, Department of Civil Engineering, Indian Institute of Technology Kanpur, Kanpur 208016. Outstation cheques will be accepted and should add Rs 25/- as bank charges.

A Complete list of NICEE publications is available at <http://www.nicee.org/Publications.html>

2. NPEEE Courses for 2005-2006 Announced
-

National Programme on Earthquake Engineering Education (NPEEE) has announced number of short courses for teachers of colleges of engineering and architecture for the year 2005-2006. Interested teachers may apply for the same. For more details please visit <http://www.nicee.org/npeee/shortcourse05-06.htm>

3. EERI's Eighth U.S. National Conference on Earthquake Engineering (8NCEE), 18-22 April, 2006, San Francisco, California
-

Earthquake Engineering Research Institute (EERI) is organising Eighth U.S. National Conference on Earthquake Engineering (8NCEE) from 18-22 April 2006 at San Francisco, California. It is a 100th Anniversary Earthquake Conference commemorating the 1906 San Francisco Earthquake. For more details visit www.1906eqconf.org

4. Symposium on Seismic Hazard Analysis and Microzonation, 27-28 May 2005, IIT Roorkee
-

Symposium on Seismic Hazard Analysis and Microzonation (SYSHAM), May 27-28, 2005, Department of Earthquake Engineering, Indian Institute of Technology Roorkee, Roorkee, Uttaranchal, India. For more details write to dayasfeq@iitr.ernet.in

5. International Conference on Structural Analysis of Historical Construction, 6-8 November 2006, New Delhi
-

For more details, please visit <http://www.civil.uminho.pt/sahc2006>

6. Seminar on Safety in Construction, 30-31 May 2005, Chandigarh

Central Board of Irrigation and Power is organising a Seminar on Safety in Construction during 30-31 May 2005 at Chandigarh. For more details please visit www.cbip.org

7. ISISS'2005, 20-22 November 2005, Nanjing, China

South East University China is organising an International Symposium on Innovation & Sustainability of Structures in Civil Engineering-Including Seismic Engineering during 20-22 November 2005 at Nanjing, China. For more details please visit <http://www.isiss2005.net>

This announcement is forwarded to you through the National Information Center of Earthquake Engineering @ IIT Kanpur.
