

## Inter School Quiz on Earthquake Tips

National Information Centre of Earthquake Engineering (NICEE) at IIT Kanpur conducted the final round of the inter school quiz competition on Earthquake Tips on 26 Jan 2016 at Outreach Auditorium, Indian Institute of Technology Kanpur, Kanpur. The preliminary rounds of the quiz were conducted in Ahmedabad, Faridabad, Jabalpur, Kanpur, Ludhiana, Modasa and Nagpur.

NICEE was established in IIT Kanpur in 1999 with the mandate to empower all stakeholders in the building industry in seismic safety towards ensuring an earthquake resistant built environment. NICEE maintains and disseminates information resources on Earthquake Engineering. It undertakes community outreach activities aimed at mitigation of earthquake disasters. NICEE's target audience includes professionals, academics and all others with an interest in and concern for seismic safety.

To spread the message of seismic safety, NICEE always felt an urge to include school children, who are the future builders of the country, in the activity of furthering this cause towards ensuring an earthquake resistant built environment in the country. This year there was an overwhelming response from the schools for registering for the quiz. 80 schools from 29 cities showed their willingness to participate in the quiz this year. The registering schools were given 50 copies of "Earthquake Tips" by Dr. CVR Murty, to be used for selecting a team of four participants from each school from Class VIII to Class XI.
