Seal   Signatures: _____

                                            Name with complete address: _____

                                            _____

Date   (To be signed by the Head of the Concerned Departments)

The Coordinator
National Information Centre of Earthquake Engineering
Indian Institute of Technology Kanpur
Kanpur 208016

Undertaking

I, on behalf of my Institute do affirm that the software provided by the Computer and Structures, Inc. (India) on recommendation of National Information Centre of Earthquake Engineering (NICEE) will be used for educational purpose only and will be made available to all the interested faculty and students of the Institute/ College.

Name of Head of Institute/College

Signature

Date   Official Seal

Terms and Conditions

1. Only one copy of the software will be given to each college/ institute with a 10-user license which will have access to Indian Code alone.
2. Software is to be made available to all interested faculty and students of the institute.
3. The copy being given to the institute is not to be carried away outside the Institute premises by any individual for personal usage.
4. A processing fees of Rs. 20,000/- is payable by the college/Institute to NICEE by a cheque/draft in favour of "National Information Centre of Earthquake Engineering" payble at kanpur alongwith the application. Outstations cheques will be accepted and may include an additional amount of Rs. 95/-. The amount can also be paid online using a credit card at www.nicee.org/NICEE_donation.php mentioning the purpose as "SAP/ETABS"
5. Only SAP and ETABS will be given. License will be given only for One year each time. On expiry of the license institute will apply afresh for the new license for the old lock.
6. All other programs like Perform-3D, SAFE etc. can be obtained for educational license at a reduced educational price from CSI India.
7. Individuals interested in having personal copies of the software may approach CSI-India Information Desk, H-31, Second Floor,, N.D.S.E – Part I, New Delhi – 110049, directly.
8. You need to ensure that you have a fast internet as well as a properly functioning LAN for this software to work smoothly.
9. Ports 8080 and 8443 must remain open in the server and the client stations at the time of installation.
