1. Workshop on SAP/ETABS, March 16-19, 2015, NICEE@IITK Kanpur

National Information Centre of Earthquake Engineering (NICEE@IITK) announces workshop on ETABS (March 16-17, 2015) and workshop on SAP2000 (March 18-19, 2015) at IIT Kanpur. The aim of the workshop is not only to provide the participants an overview on Structural Analysis using ETABS and SAP2000, but also discuss common mistakes made in the modelling and how to avoid them. In addition, the course will cover certain aspects of higher order analysis options available in SAP family programs.

Civil Engineers engaged in planning, design or construction of structures, and having done a course in Structural Dynamics and Matrix/Finite Elements, are expected to benefit from these workshops. Any previous experience on analysis and design will be of value but it is not mandatory. Attending both the workshops is not compulsory but strongly recommended.

For further details regarding course content, registration fee, etc. please visit http://nicee.org/ETABS_SAP2000_workshop/. Permanent faculty and students can
